Intraocular Pressures  
Clinic Operations  
User Guide

**ONESIGHT**

EssilorLuxottica Foundation

## Overview

This document will go over the process of using the iPad at the Intraocular Pressures station on clinic.

## Intraocular Pressures

Once you have searched for the patient you will be brought to the Intraocular Pressures page. The first section is labelled "Patient Information" and has the following fields.

**CID** – The clinic ID number for this specific patient.

**Name** – First and last name of patient.

**DOB** – The patient's date of birth in MM/DD/YYYY format.

**Group** – The school, group, or community the patient is with.

**Photo** – Consent to media consent or not.

**Allergies** – Any allergies will be listed here.

***Please confirm their first and last name, date of birth, as well as any allergies.*** This is a very important step so please don't forget!

**Notes:**

Broken Glasses -

**Patient Status**      **Test Date**

Color & Depth      12/19/2019

**UPDATE**      **BACK**

The next section is for “Notes.” Here you can enter any notes that you would like to from the Visual Acuity station. These notes are for medical comments only so keep personal opinions and comments out. Below this, you will select “NCT” as the patient status. Set the patient test date and click on “Update” at the bottom of the screen. This will take you back to the search screen and you can move on to the next patient!
