SEARCH

Clinic List

Now, you will be on the “Clinic List” page. Here you will see the results based off of the variables you chose on the search screen. There are 6 different columns for the following.

Clinic Year – The year of the clinic.

Clinic Type – The type of clinic (Regional, Global, Sustainable, Vision Van, etc.)

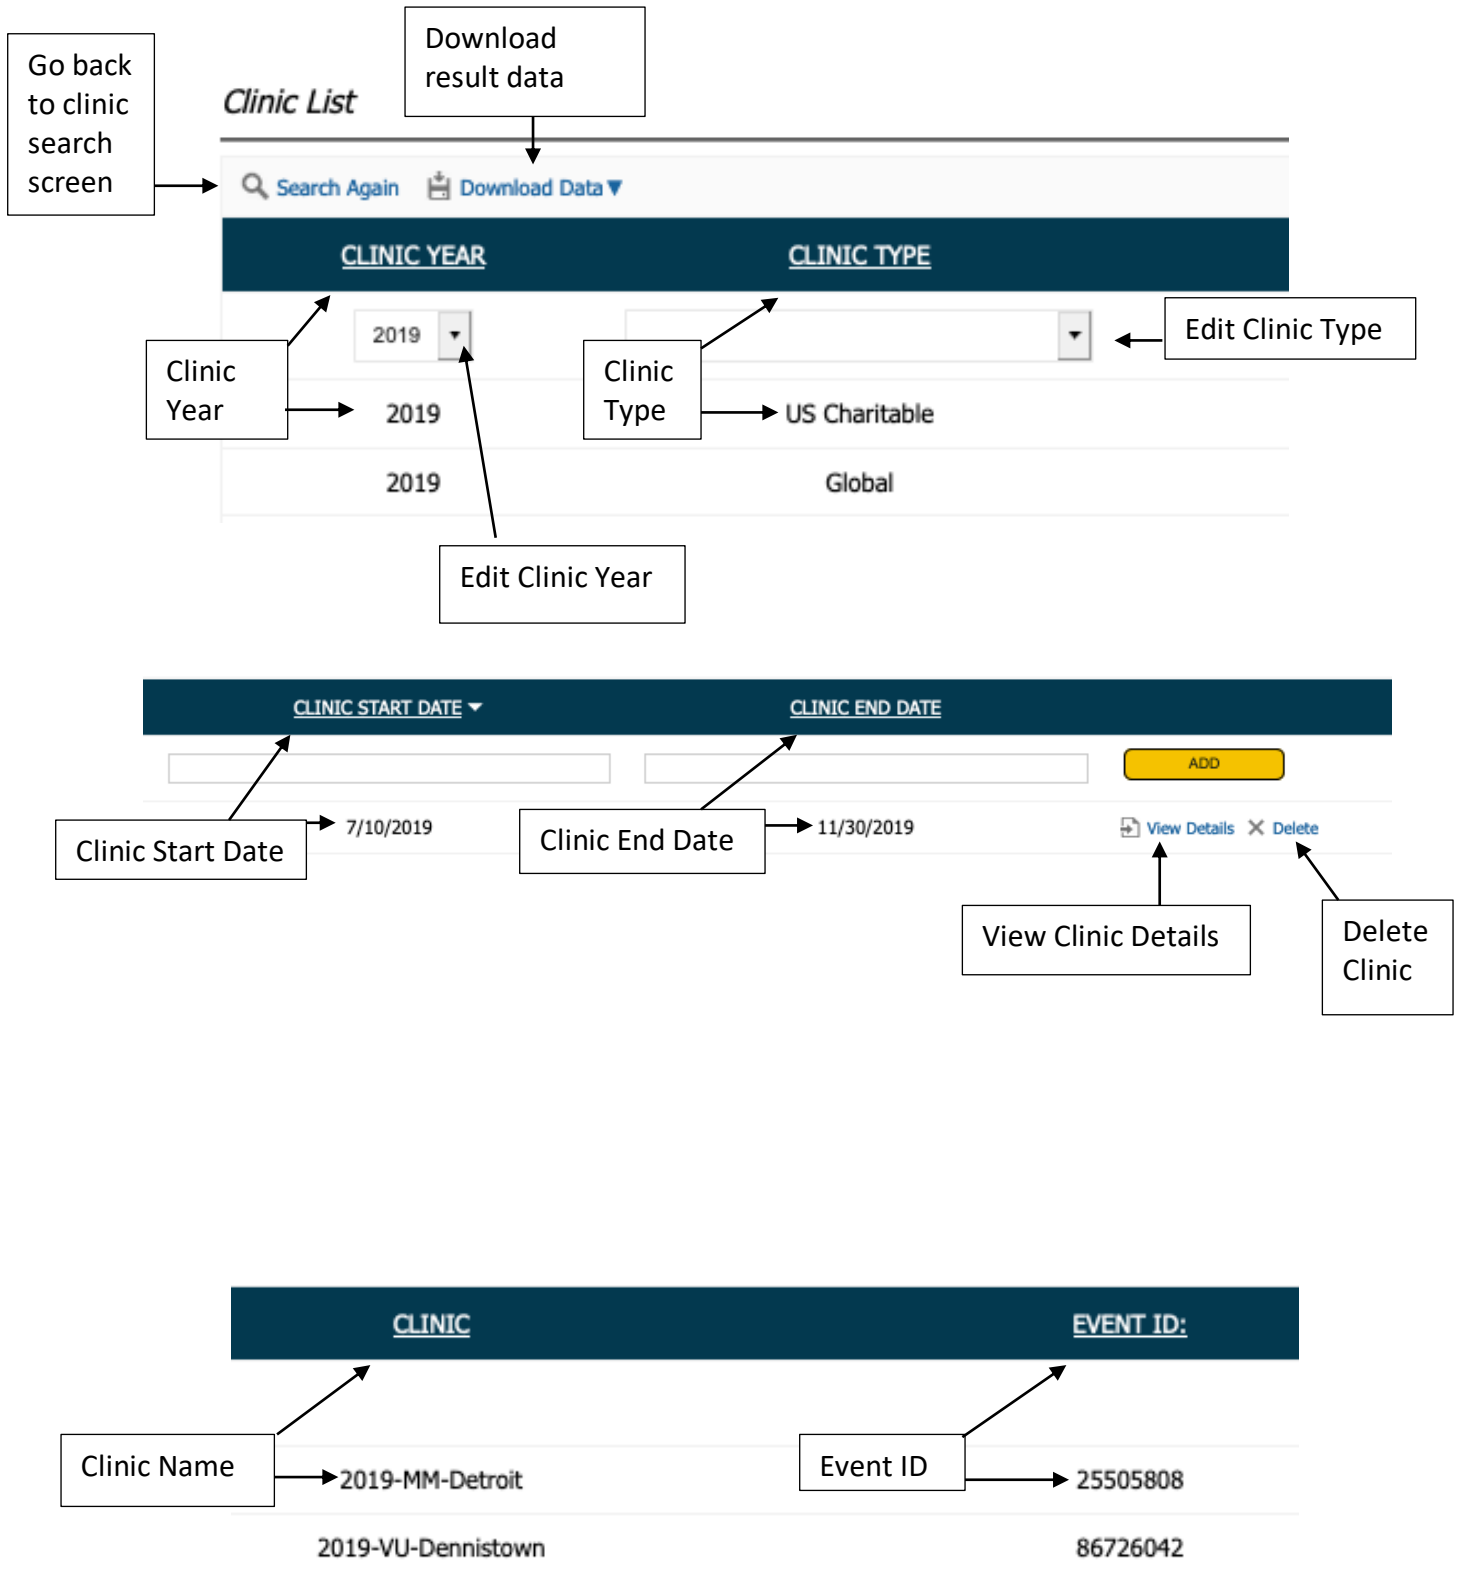

Clinic – The name of the clinic.

Clinic Start Date – The day the clinic starts.

Clinic End Date – The day the clinic ends.

You are able to use the dropdown under “Clinic Year” to change the year of the clinic you are trying to find. This will contain current and future years. You are also able to use the dropdown under “Clinic Type” to choose a specific type of clinic you are looking for. Under “Clinic Start Date” and “Clinic End Date” you are able to type in the start or end date of a clinic as well. All of these options help you narrow down your search results on the clinic list page rather than having to go back and change your search variables.

However, if you will like to go back to the search page simply click on the “Search Again” button found at the top left.

You may also sort a specific column by clicking on its title. This will cycle between ascending and descending order. For example, click on “Event ID” and it will sort the event ID’s in ascending order and if you click it again it will sort in descending order.

At the top right next to search again there is another option for “Download Data.” This will allow you to export the clinic list in either XML, CSC, or PDF format.

On the far right there are the options for “View Details” or “Delete.” Select the “Delete” option and it will allow you to delete the clinic. **Please** be careful of which clinic you are choosing when doing this option. Select the option for “View Details” and you will be forwarded to a new screen where you can see more information about the clinic as well as edit them.

Editing a Clinic

Once you have found the clinic you wish to edit on the “Clinic List” page and choose “View Details,” you will be brought to the “Clinic Details” page.

Clinic Manager Email – This field will auto-generate based off of the clinic manager selected.

Once you have made the edits you needed, please click on the blue “Update” button at the bottom to save changes or select the blue “Back” button if you wish to go back to the clinic list. It is also important to note that below these two buttons there are arrows that let you click to cycle through all of the clinics on the clinic list without actually going back.

Creating a Clinic

To create a clinic, go to the “Clinic List” page and on the top line you will see a dropdown for “Clinic Year” and “Clinic Type.” Click on the dropdown for each to choose the year and type of clinic you are creating.

A form with a white background. At the top left, there is a magnifying glass icon followed by the text "Search Again". To its right is a document icon followed by "Download Data" and a downward arrow. Below this is a dark blue header bar with two white sections: "CLINIC YEAR" and "CLINIC TYPE". Under "CLINIC YEAR" is a dropdown menu showing "2019" with a downward arrow. Under "CLINIC TYPE" is an empty dropdown menu with a downward arrow.

Next, you will type in a clinic start date and end date in the empty field found to the right.

A form with a dark blue header bar. The left section is labeled "CLINIC START DATE" with an upward arrow, and the right section is labeled "CLINIC END DATE" with an upward arrow. Below the header are two white input fields. To the right of the second input field is a yellow button with the text "ADD".

After you enter this information, click on the yellow button that says “Add.”

The clinic will now be added to the clinic list. Please look through the list and find the clinic you created and then click on the “View Details” button on the far right.

You will now be on the “Clinic Details” page and will have to fill out all information for the clinic you created.
