All information collected prior to or during a OneSight program is collected for the purpose of diagnosing vision problems, and providing care including prescription glasses if needed. Individuals attending a OneSight clinic will be provided with a copy of their eyeglass prescription if applicable. Patients have the right to request a copy of their records by contacting the program manager. All information containing personal health information or "PHI" is protected and cannot be distributed without the consent of the patient or the patients legal guardian. OneSight may, at its discretion use data collected during its programs for research or program development. Information used for this purpose will be generalized and all identifying fields will be removed.

By accessing and downloading this report you agree that you will not distribute any information without authorization from OneSight and for no other purpose that to provide or continue to provide patient care. All reports will be deleted or if printed destroyed after use.

SEARCH

You will now be brought to the search results page. This will list every patient in relation to your search criteria. This report is large and includes nearly every piece of information taken during clinic.
